DETAILED ACTION

1. Amendment and remark filed by applicants dated Nov. 21, 2006 have been entered and considered carefully.

Claims 4, 9-16, 21, 26-33, 35-76 have been canceled. Claims 1-3, 5-8, 17-20, 22-25 and 34 are pending.

2. Examiner's Amendment

Authorization for this examiner's amendment was given in a telephone interview with Daniel Hart on Feb. 14, 2007.

Claim 1, lines 7, 16, 18, 21 after formula II;

Claim 5, line 2;

Claim 18, lines 7, 16, 18, 21 after formula II;

Claim 22, line 2;

each occurrence of the term " C_{1-6} heteroalkyl"; " C_{1-8} heteroalkyl"; or " C_{2-6} heteroalkyl" has been deleted and replaced with the term:

--methoxymethyl, ethoxymethyl, proproxymethyl".

3. Reason for Allowance

The following is an examiner's statement of reasons for allowance:

Applicants have amended the claims limiting to the allowable scope as delineated in the previous office action. The presentation of heteroalkyl having heteroatom in the backbone lacks antecedent basis (see US 5,968,920 col. 4, lines 34-37, or US6,277,989, col. 4, lines 51-53). Applicants authorized the replacement of the term with the term "methoxymethyl, ethoxymethyl or propoxymethyl" which finds antecedent basis in the specification at page 10, lines 6-8, page 11, lines 7-9, page 12 lines 10-12 wherein the explicit heteroalkyl as an alternative substituents is exemplified. Claims 1-3, 5-8, 17-20, 22-25 as currently amended are allowed.

Art Unit: 1625

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Celia Chang whose telephone number is 571-272-0679. The examiner can normally be reached on Monday through Thursday from 8:30 am to 5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas McKenzie, Ph. D., can be reached on 571-272-0670. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
